Challenges of Covid 19 a report by Meena Modi

After a lovely trip with my family to Mexico in the New Year, I thought my trip to India in February 2020 would be the next major event to remember. Little did I know what awaited me as I returned on 28 February after what was a really uplifting and exciting as well as educational trip to Chaparda. Covid 19 and the resulting lockdown had indeed changed our perspective on what is truly important in our lives.

I would like to tell you briefly about my recent fact finding trip to most of our many educational establishments in Gujarat.

Meena lighting a lamp

sharing our expertise with each other on a systematic basis. To this end, we agreed to share information through regular reporting and developing a base for ongoing discussions on pedagogy through a What's App group.

We also have developed a Safeguarding Policy for all our schools to ensure we keep our staff and children safe. The importance of everyone being alert at all times was discussed and the leaders were made aware of many cases of child abuse all over the world. Unless children feel safe and secure, they cannot learn well.

At the end of my trip there was an education seminar where all our Principals got together to discuss the new challenges facing them ahead as Gujarat Board brings about much radical change in the curriculum and exam practices. I put forward my ideas of what makes a good school be it here in the UK or in the rural context in Gujarat.

At the moment, due to the lockdown in India, all our schools have sent the children home. I am pleased that the staff are providing support to the children though online teaching and guidance/clarification is provided on the phone. Not all our children would have laptops/tablets but in India the mobile phones are used a lot. The Gujarat Education Board is also providing lessons on TV. It is not an ideal situation by any means and there will need to be a sustained effort to enable children to catch up.

For now, let's hope the Covid 19 pandemic does not spread to rural India as the effects would be devastating there.

Keep safe!

Hasynapur new assembly hall opening

I spent time meeting the Principals and staff of our schools in Chaparda and surrounding district (Anand Dhara Project), Adhoi (Kutchh), Dwarka, Junagadh and Savarkundla. Apart from the school in Dwarka which we are managing on behalf of another trust, all the others are well established now and can boast of some very dedicated and competent leaders. The first sign of a good educationalist is their willingness, eagerness to listen to others and then pick out which new idea would take their school forward. Each Principal was prepared to share honestly where they thought they could improve further. Through our detailed discussions ranging from academic standards to competitive sports, the place of the arts and independent learning to teaching health and hygiene and the environment, we all saw the benefit of

Inspiration behind BEHT

The inspiration behind BEHT is Pujya Muktanandji, fondly known as Bapu, who lives in Chaparda. Through deep meditation, Pujya Muktanandji has come to his own conclusion that there are two main purposes in life:

1. **'Swaha ma lin rehewu'** - be aware of your real self all the time, understand who you are and learn to be truly free (Mukti).
2. **'Jiv Shrusti ne faida thai teva kaariya karva ane karava, nirmal, sahaj ane shakshi bhawe'** - our purpose in life should be to purely, naturally and selflessly undertake work to benefit all life forms and encourage others to do the same.

Our Objectives:

- 1 To provide education
- 2 To provide relief to the poor, the handicapped, the disabled, the sick and the elderly.
- 3 To provide relief to victims of disaster

(*All within the area of benefit of India.)

How you can help...

BEHT

There are many ways of donating towards good causes through BEHT

1) Capital cost towards Education or Health projects

- To donate towards a school or a college contact info@beht.org for further information.
- To donate towards equipment or machines for the hospital, contact info@beht.org for current requirements.

2) Sponsor a student

- A donation of £ 501 annually will educate and board 1 child. BEHT has approx. 8,000 children receiving education at its 4 centres, namely Chaparda, Adhoi, Junagadh and Savarkundla. Of these, about 400 children are sponsored by overseas donors. These are either orphans or children from a very poor background who cannot afford to pay any fees.
- To sponsor 1 street child to educate in our Savarkundla schools is £ 50 per year.

3) Sponsor a village school as part of our Anand Dhara Project

- A donation of £ 750 will help to provide materials, equipment and teaching support to one village school per year. There are 41 village schools and 54 nursery schools in our project all situated in Visavadar Taluka.

4) Feed the animals in the dairy farm

- A donation of £ 400 will help to feed about 320 cows for a day in the dairy farm, which produces milk for the children, elderly and staff at Chaparda and Adhoi schools.

5) Sponsor the treatment of patients in our hospital

- A donation of £ 100 will help to treat 20 patients.
- A donation of £ 500 will help to treat 100 patients. Typically, it costs £ 5 to treat one patient. Diagnosis and treatments are carried out free of charge and the patient only pays for the medicine.

6) Sponsor an elderly person

- A donation of £ 480 annually will help to provide boarding, food, clothes, medicine and other expenses for an elderly person for a year. These elderly people come mainly from small villages and are either living alone or have been cast out from their family with nowhere to go. The majority of them live here in dignity until they die. BEHT has about 100 such elders in residence at Chaparda.

7) To feed the children and elders

- A donation of £ 50 will provide milk to 600 street children per day in our Savarkundla schools.
- For a special day like anniversary, birthday, engagement, marriage, a religious occasion or in a memory of a departed loved one (tithi), a donation of £ 500 will provide one full meal to about 1,250 children, elders and staff at our Brahmanand Vidya Mandir School in Chaparda.

8) Volunteer your skills - especially if you have teaching or medical skills.

- We recommend that you volunteer for at least a month or more. If interested, please contact any of the trustees or email info@beht.org
